## AAPAM 40<sup>th</sup> Roundtable Conference

**Theme:** Transforming Institutions in Africa for Sustainable Development

**Venue:** Cairo, Egypt

**Date:** 3<sup>rd</sup>- 6<sup>th</sup> December, 2019

Accountable, effective and inclusive institutions are essential to achieving Agenda 2063 and the 2030 Agenda for Sustainable Development commonly known as the Sustainable Development Goals (SDGs). Institutions (formal and informal) – determine how decisions are made, how well markets function, how conflicts are managed, how violence and crime are addressed and how resources are allocated and governed.

Therefore, capable institutions are instrumental in fostering equality, inclusivity, stewardship and trust among communities thereby enhancing citizen participation, transparency and accountability which are fundamental to transformation in service delivery. Incidentally, African institutions are still plagued with evidence of incapability attributed to a number of reasons. Therefore, the African Association for Public Administration and Management (AAPAM) 40<sup>th</sup> Annual roundtable conference will center on theme ‘ **Transforming Institutions in Africa for Sustainable Development**’
